

THE TRAIL

NUMBER 39

EDMONTON, ALBERTA

JUNE, 1933

THE TRAIL is published by the University of Alberta Alumni Association, and is sent to all members whose addresses are known.

Membership dues of the Association (\$2.00), are now due and payable to the Treasurer of the Association or to the Treasurer of a Branch.

OFFICERS OF THE ASSOCIATION

Honorary President: DR. R. C. WALLACE.

President: J. R. DRYSDALE, '12

Second Vice-Pres.: E. J. THOMPSON, '26

First Vice-Pres.: MRS. J. M. FORBES, '17

Third Vice-Pres.: MRS. W. P. CALHOUN, '27

Secretary: G. B. TAYLOR, '23, '25, University of Alberta, Edmonton.

Treasurer: H. J. WILSON, '15, 11051-80th Ave., Edmonton.

Miscellanea

Almost 200 new alumni ascended the platform steps of McDougall church to receive a degree at the hands of Chancellor Rutherford on May 16. To these new members the Council of the Association extends a cordial welcome and trusts that they will not fail to identify themselves with the activities of the Association. Elsewhere in this issue appear the names of branch officers where local organizations exist. When and if circumstances permit, financial as well as moral support, will be appreciated; in the meantime *all* members of Class '33 are urged to maintain contact with our Alma Mater by means of the Association.

An innovation in the giddy round of Convocation Week was an informal conference attended by a few alumni and graduating seniors on the morning of May 13th. We sat out in front of the Arts Building and discussed several aspects of university education without gloves. The attendance of several people who had just completed a three or four years' course and of others who had been "bucking the line" for from ten to fifteen years was ideal—it is hoped that the conference will become an annual event.

With the whole-hearted cooperation of the Edmonton alumni and the senior class the Council was able to "swing" the Annual Dinner "on its own" this year. There was a small deficit but that the project could be managed in times like these is something which makes us mildly jubilant. It must be mentioned that the cooperation of the senior class consisted in their supplying Bowman's orchestra for the dance.

The dinner itself was a real family affair. In addition to the Chief Justice, the Chancellor, the President and their ladies, we were honored by the presence of Dr. and Mrs. Tory, Dean and Mrs. Kerr, Dr. and Mrs. Alexander, Dr. and Mrs. Broadus and Dr. and Mrs. MacEachran. We signalled our approval of the honorary degrees which the University the next day granted the four last-named

gentlemen by singing certain ribald verses to "John Brown's Body". Chaucer was hanged by his Canterbury Tales for Dr. Broadus, Cornelius Nepos was driven in his Oratoribus for Dr. Alexander and here's the chorus:

"Tory Kerr and Alexander

Tory Broadus and MacEachran

All of these we now do honor

As we go marching on."

Dr. Tory was good enough to express his satisfaction at being present and to include one or two anecdotes which brought down the house. The occasion was one which will be long remembered.

The twenty-fifth anniversary of the founding of the University was marked in two ways: by the presentation of a series of four lectures and by the issue of a booklet (which should be in the hands of every graduate by now.) The lectures which were well attended were as follows: March 23—Dr. Alexander: *The Higher Learning—Twenty-Five Years of Conflict*; March 27—Dr. Broadus: *English Poetry Since 1908*; March 30—Dr. Lewis: *Some Concepts of the Living and Non-Living Worlds*; April 3—Dr. MacEachran: *Twenty-Five Years of Philosophic Speculation*.

I am going to attempt a synopsis of extra-curricular happenings since the last Trail, in the hope that such a resumé will be of interest. Letters "to the Editor" are as rare as hen's teeth these days but I'm at least hoping for a few post cards approving or disapproving of this issue. Here goes:

DEBATING: Imperial team from Wales and Glasgow outargued Ted Manning and Art Bierwagen. McCormick and Riley at Winnipeg, Perkins and McClung at Edmonton regained McGoun Cup. Provincial debates successfully organized between University men and representatives of Red Deer, Olds, Vegreville, Medicine Hat, High River and Calgary.

DRAMATICS: Sophomores with "The Prodigal Son" captured Inter-Year Shield. Spring Play was Rice's "See Naples and Die". Two reading groups met periodically at Faculty homes.

SPORT: BASKETBALL—Men overcame Calgary Moose Domers in semi-finals but were defeated by Raymond Union Jacks in finals. No intercollegiate games. Women bowed to Edmonton Gradettes in Northern Alberta division but retained Race Cup as no intercollegiate games. **HOCKEY**—Men participated in senior City league and women in intermediate. No men's intermediate team, but flourishing eight team interfaculty league headed by Arts. **SWIMMING**—Intercollegiate meet at Saskatoon—women's events won by Saskatchewan, men's by Alberta, Wilson and O'Brien setting new I.C. records for 50 yds. free style and 50 yds. breast respectively.

THE BRANCHES

EDMONTON: Pres. *Donald Cameron* '30; Sec. *Jean Bulgea* '30, 11125-89 Ave.; Treasurer *Fred Hunter* '29 c/o Great West Saddlery Co. The annual ball on Nov. 25 was as enjoyable as ever (if not more so), but resulted in a serious deficit, owing to the small attendance. Much more successful in this latter regard was a bridge party held at St. Joseph's College. Of far more importance than social functions (at least in the opinion of the writer) was the work done amongst and for the unemployed. The organization of a school under the superintendence of *Percy Hurley* '31 was possibly the major aspect of this work, but in addition a series of concerts was arranged. In accepting office at the April meeting of the Branch *Don Cameron* warned us all to be prepared to take our share in similar work during 1933-34. Out of the 600-odd alumni in Edmonton he ought to be able to recruit his staff. Meanwhile hats off to *Alex Cook* '20 and his gang for the splendid beginning they've made.

MONTREAL: Pres. *C. L. Huskins* '23, Dept. of Botany, McGill University; Sec.-Treas. *G. H. Craig* '30. Excerpt from a letter written March 6 by Mr. Craig: "Plans are completed here for the second meeting of the year which is to be held on Thursday, March 16. It will take the form of the regular dinner meeting at which *Percy Davies* M.P. '25 '27 will speak on 'Monetary Policy'. It is our custom now to meet in a restaurant and to have an informal hour or two of dancing and cards after the address. At the first meeting there were about fifty present to hear Dr. *Lattimer*, former professor of animal husbandry at the U. of A. and now at Macdonald College, speak on 'An Economist sees Europe'. The meeting was a decided success. There are now close to 100 names on the roll." It is fitting to mention here that Mr. *Craig* was awarded his M.A. from McGill in May. Other Albertans graduating from McGill at the same time were: *Ronald Richardson* '30, Ph.D.; *Eva Younge* '30, M.A.; *Lloyd Reynolds* '31, M.A.; *Elwyn Bowker* '30 M.A.; *Tom Stanley* '29, '32, M.Eng.; *Edward Douglas* '29, M.D.; *David Collison*, *Bill Shandro* and *Douglas Ross*, M.D. Hearty congratulations to them all!

LETHBRIDGE: Pres. *R. M. Glover* '24; Sec. *Isabel Landels* '30, 627-10 St. S.; Treas. *Blanche Olander* '28, 524-13 St. N. The treasurer remarked on Feb. 26 last that "we have had a very quiet year . . . certain members have expressed appreciation of The Trail even in its shortened form."

CALGARY: Pres. *J. C. Mahaffy* '25; Sec. *E. R. Tavender* '25, '27, 56 Canada Life Bldg; Treas. *H. H. Hutton* '30, 3624-6A St. The annual New Year's Ball was again an important function on the program of this branch.

VANCOUVER and WINNIPEG: Lists of officers not received. It is hoped that these branches have not disbanded.

Alumni Notes

1912—1920

Rev. A. L. Carr '12 is stationed at Bawlf, Alberta as from July 1; Dr. Edith Hamilton '18, '26 now has her "shingle" out at Lacombe; Associate Professor Ralph Rutherford '19, '20 was elected Fellow of the Geological Society of America last December; Elmer McKittrick '20 wrote in part to Dean Wilson: "What a life these last two years! Sometimes we are almost hungry (but never quite) and always hard up. But always something seems to 'break' just when we need it worst;" Mercy Summerhayes '20 may be addressed at Bromfield Vicarage, Nr. Ludlow, Shropshire, England; and Lysle Blain '21 '23 is with the Toronto General Trusts Corp., Toronto.

1921—1926

Congratulations to Stuart Jaffary '21, '28 on landing a fellowship in the University of Chicago school of social service administration. Christena McKnight (nee McQueen) '22, "was over to see the seven-months old Nancy Lamb (see vital statistics) the other day. Bob and Lois are flourishing. We expect to see a few of the southern alumni this summer." From my tracer cards I learn that H. T. Butchart '22 who was married in 1928 is teaching at Newbrook, Alberta, and that Russel Evans '22 is a chartered accountant in Saskatoon (406 Avenue Bldg.) Sidney Stock '24 and Margaret Stock '25 with Eva Mac and Donald reside at 50, Spencer Ave., Toronto; Sid. is with the General Electric Co. Teaching members of class '24 are Edward White, 605-5 Ave., Medicine Hat and Doug. Harkness (Cres. Hts., Calgary). Doug. and Frances (nee MacMillan) '28 reside at 1611-2St., N.W. Alfred Clarke '24 is listed in the Calendar of the California Institute of Technology as an N.R.C. fellow in Biology, his address being given as 831, Sunset Blvd., Arcadia, Pasadena. Of Ruth Hughes (nee Becker) '25 I learn that she is the dispenser in the Galt Hospital, Lethbridge, and of Walter Kutz that he has been associated as a chemist with the General Electric Co. at Pittsfield, Mass., for the last three years (47 Hull Ave.). J.W. Sutherland '26, '28 (Ph.D. McGill) has been since January the science instructor at Mount Royal College, Calgary. Last December Miss Patrick informed me that Alice Gratz '26 had returned from a three months trip around the Mediterranean to Schraft's Restaurant in the Chrysler Building, New York City. John MacGregor '26, '30 succeeds the late Dr. Vango as assistant pathologist in the provincial laboratory here. At the last moment I learn that our second vice-president, E. J. Thompson '26 is receiving congratulations (at Leduc, Alberta) on having received his Ph.D. from Chicago.

1927—1932

It was a great pleasure to read every word of "The First Catalogue" of (probably) London's newest publishing house. On each page of delightfully written stuff about new books appeared the imprint of the firm—a laurel wreath surrounding a stag at rest with the letters

L.D. at either side. Not to keep you longer in suspense—these letters stand for Lovat Dickson '27, '29, better known to many of us as "Rache". We echo Arthur Waugh's "Salute to a New Publisher from an Old One: The first list is . . . a foretaste of his judgement and a prelude to achievement". Congratulations (belated but sincere) to R. U. Harwood '27, '28, and H. E. Rawlinson '27, who were awarded the degrees of Ph.D. and M.Sc. respectively by McGill last year. In the Queen's Review for February last I note that Walter Jewitt '27, addressed the Miller Club (Geology) on "Prospecting in German S. W. Africa". In February a pleasant surprise was a visit from E. R. Tinkham '27, (M. S. Montana State College). Ernie's varied experiences since graduation included entomological researches in Louisiana and Texas, bug-hunting over most of the middle western states and P. G. work at Montana and Minnesota. He was sailing the same month for China having obtained a position in the department of biology, Lingnan University, Canton, and was looking forward eagerly to further research on the *Orthoptera* of that country. From him I learned that C. R. Carlson '27, was a high school teacher in St. Paul, Minnesota. I am led to remark here that visitors to the university will now find me in room 212. I hope they'll not fail to come in and say "Hello!"

Notes from class '28 seem to be missing except in the case of Eleanor Malcolmson who, with Pat. '29, is now back in Edmonton (10057-118St.) from Cleveland and other points east. Of the '29-ers: H. R. M. Acheson is with the Dept. of Lands and Mines here (11728-94St.) and Jack Hopkins (Ph.D. I believe) is with Dr. Newton in the N. R. C. labs at Ottawa. Nesbitt Alexander and Martha (nee Cross) are also back from England and Cleveland. T. D. Tanton has commenced legal practice at Spirit River. The Edmonton Journal on June 5th printed an article entitled "Britain Might Wreck Parley" by Matt Halton dealing with Britain's position in the disarmament conference, alluding to him as a "journalist of recognized ability". I liked his word "armamenteer!" Nick Holowaychuk dropped in during February. He was thinking of migrating south for P. G. work; said that Helmut Kohnke '32, was at Ohio State University, Wooster, Ohio, and that he believed Geoff Bayfield '23, was back in Alberta (could anyone confirm this?). Of class '30 it is of note that Don Cameron of the Extension Dept. is now in Europe as a Carnegie Scholar for the study of Scandinavian Folk High Schools; that W. E. Bowser (M.Sc. '32) and Ethel May Hartley are teaching at Pincher Creek and Brantford respectively; and that Harold Hicks has his Ph.D. from Minnesota and is staying on there. Cyril Tingle (LLB '32), is to be congratulated on winning the War Memorial Scholarship of the I.O.D.E. I understand he will take a course in economics and political science at the London School of Economics.

Class '31: I am informed that Lloyd Reynolds will return to McGill next year after having enjoyed a summer scholarship at the Geneva School of International Relations. Donald and Howard Becker added "B.Sc. (Chem.)" to their Arts degrees and Stiles Beggs gained his M.Sc. (also a Tegler Research Scholarship) in May. Gordon Patterson is back in Edmonton after a successful year at Toronto. I saw Eric Kneen at the Christmas dance; he reported everything going well with the Alberta colony at Minnesota, viz: Cliff Hide '30, Otto Younge '24, '29 and himself. At about the same time Ken MacKenzie '27, dashed in, said he was teaching in Medicine Hat and dashed out again. Robert Hamilton won the right to add "C.A." to his name in April, incidentally walking off with the highest final marks and a prize. Further news kindly communicated by Miss Patrick was to the effect that Eloise McKinnon is a dietitian in the new Lethbridge hospital; that Betty Wallace is with the home service dept of the B.C. Electric in Vancouver (2080 Haro St.); that Mabel Dickson who has been

teaching H.Ec. in Whitworth College, Spokane, is now at home in Edmonton (11356-102 Ave.); and that *Elizabeth McKenzie* '32 is a dietitian at Johns Hopkins University Hospital at Baltimore. Dean Kerr informs me that *Dennis Healey* '31, is in his second year of work for the Doctor's degree at the Sorbonne.

My last-but-one note is a clipping to the effect that *Duncan Marshall* '32, has been spending the last year in P.G. work at Cornell University. The final one is a word of congratulation to *Christiane Gibbs* '30. A recent announcement states that she has been awarded the French government bursary for 1933-34. Miss *Gibbs* will study at the Sorbonne.

Having just completed seven years service as alumni secretary it may probably be taken for granted that I am not grinding any particular axe when I revert to the question of money. Almost seven years ago *Jimmy McMillan* and I broached the question of reducing the fee to \$1.00. One contrary argument that has prevailed is that anyone who is sufficiently interested to pay fees at all would just as soon pay \$2.00 as \$1.00. I am still unconvinced. I feel that the smaller fee would be adequate and would be more "acceptable". A change in the constitution would certainly be necessary but that's easy. I'll wager that if I could say to the rest of the Council: "Here are blank hundred people WHO HAVE *PAID ONE DOLLAR" they'd alter the constitution with alacrity!

Enough said. Even if the cash is not available drop a line anyway. I'd certainly like to see a stack of letters and cards on my desk at the end of July. My sincere regards to all.

Yours,

GEOFF.

*P.S. Even if this *did* happen and the fee remained unchanged I'll bet *Bunty Wilson* wouldn't return the money!

"Each for All and All for Each"

—Wauneita Motto.

The Council urges every alumna and alumnus to study the financial statement published on this page. Such perusal should do much to clear up the mistaken belief that funds transmitted to the Association from outside branches and members-at-large are used to finance the Edmonton branch. The opposite will be seen to be true, namely, that the Association's share of fees paid by Edmonton members is devoted to the interests of all graduates. To be more specific it may be said that practically the entire cost of this issue (the first since November, 1932), is being borne by Edmonton graduates. Comment on this situation is needless.

From comments which have been made by alumni, far and near, it is believed that in most cases indifference rather than indigence lies behind the failure to pay fees.

In order that the Council may be enabled to serve all graduates more fully than at the present, a definite appeal for both moral and financial support is now made to you.

Edmonton, Alberta, June 24, 1933.

Presented on behalf of the Executive.

J. R. DRYSDALE,
Treasurer.

Edmonton, Alberta, June 24, 1933.

I have audited the books and vouchers of the Alumni Association of the University of Alberta for the year ended June 20, 1933. Subject to a verification of the amounts shown as income from fees from branches, I have received all the explanations I have required. In my opinion the above balance sheet is properly drawn up so as to present a true and correct view of the state of the Association's affairs according to the best of my information and the explanations given to me and as shown by the books.

F. G. WINSPEAR,
Chartered Accountant, Auditor.
